

Journal entry for 22-05-2018

Story

First day of the very last week. It's been an intense couple months, but all worth it

IT Activities

- Try to image some pc's in C201, making sure the solidworks license solidworks
- Build a list of all service tags and license status in C201
- Resolve helpdesk issue with printer
- Install SharePoint synchronisation

Difficulties

- Too many folders visible from SharePoint ==> Fix permissions
